Introducing Money & More Cymru

We are pleased to introduce Money & More Cymru, a new financial health and wellbeing service funded by **Macmillan Cancer Support** and delivered by **Tenovus Cancer Care** in partnership with organisations across Wales.

The service is designed to ensure that anyone **affected by cancer** who needs support with **welfare benefits**, **financial concerns** or **wider wellbeing issues** receives the right guidance and advice, tailored to their individual needs.

How the service works

All referrals will come directly to **Tenovus Cancer Care**, where each person will receive an initial assessment (triage) by a Benefits Adviser. This allows us to identify the full range of their needs and provide immediate information, guidance and support wherever possible.

Where more specialist or ongoing advice is required, individuals will either be supported by Tenovus Cancer Care's expert advisers or referred to one of our trusted regional delivery partners. This joined-up approach ensures people affected by cancer can access comprehensive advice and support across a wide range of financial, practical and wellbeing needs.

As part of this process, we will also identify any additional support that may benefit the individual and, where appropriate, provide onward referrals or signposting to other services.

Get in touch

We look forward to working with you to support your patients and clients.

Making a referral

To refer a patient or client, please complete the **Referral Form** and email it to:

refertous@tenovuscancercare.org.uk

The same referral form can also be used to access Tenovus Cancer Care's other support services, including:

- Nurse Led Support Line
- Counselling services

There is no need to carry out an assessment of need before making a referral.

As long as you have your patient's consent, you can refer anyone who you believe would benefit from support with money, benefits or wider holistic needs - **we will take it from there**.

FOR HEALTHCARE PROFESSIONALS:
If your patient has a limited life expectancy and an SR1 form is appropriate, please attach it to the referral.

Self-referral

People affected by cancer can also refer themselves or you could support them to refer by:

- Calling our Support Line on **0808 808 1010**
- Completing our online form: **tenovuscancercare.org.uk/money**
- Using the Arian a Mwy Cymru Welsh language referral form: **Arian a Mwy Welsh language form**
