

# Thank you for joining us!

Throughout the event we will be taking photographs. We will share the photographs on our Tenovus Cancer Care website, our social media platforms and may use them in future marketing materials or publications.

Some of the photographers at this event are volunteers. They may also share the photographs they take across their social media platforms, on blogs or gallery websites to promote their work.

**If you don't want to feature in any photography or video footage, please make it known to a member of the Tenovus Cancer Care team.**
